

SIZE CHART

The measurements listed by us refer to the wearer (person) and not to the measurements of the respective garment! For example, if the chest measurement is 101 - 104 cm, it means that this product is suitable for a person with this chest measurement. It does not mean that the product itself has these measurements. If your measurements are somewhere between two sizes - we recommend ordering the larger size. Some Karlowsky® trousers come with 3 different inside leg lengths for an optimal fit. Look for the size suffixes s (short) & l (long) when making your selection. All other Karlowsky® trousers are manufactured with a uniform inner leg length of 81 cm. Therefore, for these trousers, the inside leg measurement in the "Normal sizes" table applies.
